Sampson County Love of Learning Grant Program

The Simple Gifts Fund is pleased to continue the Love of Learning Grant Program for educators in Sampson County. The Fund will be awarding grants for the advancement of educators and their students, in order to enable teachers to provide illuminating programs, instruction, and opportunities for students in the classroom, after school, in the summer, or on weekends. The Fund's goal is to inspire the improvement of public education by engaging students in critical thinking and problem solving that deepens knowledge of subject matter. Additional goals are to foster students' habits of inquiry, self-directed learning, and critical reflection. Through these grants, the Simple Gifts Fund seeks to assist teachers who recognize the value of inquiry, who understand the power of knowledge, and who appreciate the importance of inspiring excellence in their students.

This grant program now includes the opportunity for educators to pursue National Board Certification (NBC). This certification requires in-depth self-reflection, assessment, and learning for an educator. A Love of Learning grant for the assessment fee will be awarded upon successful completion of the initial NBC. An educator can apply to have the NC-SEAA loan paid to the NC Department of Public Instruction. NBC grant funding will be made immediately after initial successful certification.

Grant Award Information

Grant awards will be awarded three times annually and the number of the grant awards will be limited by the merit of the applications and the funding available. Eligible applicants may apply for school grants up to \$3,000 and individual stipend grants up to \$1,000. Grant application deadlines are: October 1 2024, March 1, 2025, and June 1 2025. Successful grantees will be notified within eight weeks of the application deadline.

Grant funds may be used for resource materials, supplies, equipment, transportation, technology, or stipends. The main purpose of the grant should not be to fund electronic equipment unless the fixed assets are an integral part of the program. Although funds may be used to support the professional development necessary to implement the project, the focus of the grant should be on educational experiences for students. Funds used for stipends will not be paid to the Fiscal Agent, but will be paid directly to the educator and are subject to income taxes. Educators are eligible to apply or reapply for grants in subsequent application periods. **Grantees are limited to two grants per calendar year and identical grants can be awarded only three times.** Funds may not be used for lobbying or religious purposes.
